

2018 PROXY STATEMENT
AND NOTICE OF ANNUAL MEETING

WYNNRESORTS

We're the people who made this brand what it is.

And we are the future of Wynn Resorts.

We're accountants and acrobats. Bartenders and builders. Chefs and chocolatiers. Designers and dealers. Estheticians and electricians. We're gardeners and greeters. Pastry Chefs and performers. We're receptionists and retailers. Secretaries and sommeliers. And we're waiters and writers, too. We are the 25,000 people who give our guests a 5-star experience, every day, around the world.

LETTER FROM OUR INDEPENDENT BOARD CHAIR

DEAR FELLOW SHAREHOLDERS,

Last year was a strong financial year for Wynn Resorts. My sincere thanks go out to our 25,000 dedicated employees who made it happen; their efforts and commitment were vital to our Company's success. This year, we face very different challenges. Commencing with the appointment of Matt Maddox as our new CEO on February 6, we have important work ahead of us.

With thoughtfulness and a profound understanding of the moment, we are taking all due measures to protect the interests of our shareholders, our 25,000 employees, our customers in the US and abroad, and the communities in which we live and work. Most notably, we have pledged ourselves to further enhancing our overall corporate governance.

In only a few months we have:

- Commenced a board refreshment process to strengthen our Board going forward. On April 17, 2018, after an in-depth process to identify and evaluate potential candidates, our Board appointed Betsy Atkins, Dee Dee Myers, and Wendy Webb to the Board. With these new appointments and following Mr. Virtue's retirement from the Board, 40% of our directors are women, a milestone shared by fewer than 10% of the S&P 400. Our three new directors bring diverse experience and expertise to our Board, and each will enhance and strengthen our Board's oversight of the Company.
- Formed a Special Committee of independent directors to investigate allegations regarding former CEO, Stephen A. Wynn, and conduct a comprehensive review of internal workplace policies and procedures.
- Sold 5.3 million newly issued shares (at \$175 a share) to Galaxy Entertainment Group, a Hong-Kong listed leading resort, hospitality and gaming company; the remaining 8 million shares held by Stephen A. Wynn were sold to two existing long-term investors, which we believe demonstrates their confidence in the ongoing strength of the Company.
- Settled long-running litigation with Universal Entertainment Corporation and Aruze USA, Inc., which we believe the markets received positively.
- Affirmatively engaged our largest shareholders to invite advice and input and ensure their confidence in our forward-looking plans.
- Worked actively to maintain good relationships with our regulators.

Managers at every level have expanded the channels of communications with our employees around the world, to convey our respect for, and commitment to, them and to a diverse and inclusive community and environment in which to work. Part and parcel of this is to express and to affirm our belief that they are integral to our success. Day in and day out, they deliver the 5-star service for which our Company is proudly known, and thus, they perform a vital role essential to our future.

When you vote your proxy this year, we ask for your support not only of your Board of Directors, but for all of the 25,000 people who, indeed, are Wynn Resorts. Our journey through this transition has begun. We are proud to be furthering an important transition for our Company. With your support, we are committed to completing what we have started.

Sincerely,

D. Boone Wayson

Non-executive Chairman of the Board

BOARD COMPOSITION AND REFRESHMENT

As part of our commitment to the refreshment and strengthening of our Board of Directors ("Board"), our Board has appointed three new members, enhancing our Board's diversity of perspective and expertise.

In February 2018, our Nominating and Corporate Governance Committee ("Corporate Governance Committee") of the Board began a process to add directors to meet our evolving needs and strengthen our diversity. The Corporate Governance Committee retained an independent search firm to assist us.

On March 5, 2018, Dr. Ray R. Irani, who began serving on our Board in October 2007, resigned. In addition, on March 5, 2018, Alvin V. Shoemaker advised the Board that he will not stand for re-election at the expiration of his term at the Company's 2019 Annual Meeting. On April 17, 2018, J. Edward Virtue advised the Board that he will not stand for re-election at the expiration of his term at the Company's 2018 Annual Meeting. Stephen A. Wynn, who served as a director of the Company from June 2002, resigned on February 6, 2018 as Chief Executive Officer and Chairman of the Board.

On April 17, 2018, following a thorough and careful search by the Corporate Governance Committee to identify and evaluate potential candidates, the Board appointed Betsy Atkins, Margaret (Dee Dee) Myers, and Winifred (Wendy) Webb, as Class I, Class II and Class II members of the Board, respectively. Ms. Atkins is standing for election at the Company's 2018 Annual Meeting. Ms. Myers' and Ms. Webb's terms will expire at the Company's 2019 Annual Meeting. These appointments advance the Company's commitment to diversify the gender, skills and experience of the Board, strengthening its expertise in corporate governance, communications and public affairs, technology, strategic positioning, and hospitality and branding.

DIRECTOR SKILLS, EXPERIENCE AND TENURE

As the left-hand chart below summarizes, our Board members' skills and experiences cover the areas we believe are most important to our sustainable success. In addition, as the right-hand chart below reflects, our Board has been steadily refreshed and has what we believe is an optimal range of tenures. Importantly, our three new directors since 2015 add significant China, government, and public policy expertise to our Board. The three new directors that have been appointed to the Board, each of whom has been determined to be independent, will provide further refreshment of the Board and will bring additional gaming and hospitality, branding and marketing and financial expertise to the Board.

The Compensation Committee reviews the recommendations and makes final decisions regarding compensation for members of our senior management.

In 2017, the Compensation Committee retained Pay Governance LLC (“Pay Governance”), a nationally recognized independent compensation consulting firm, to assist in performing its duties. CORPORATE GOVERNANCE COMMITTEE

The Corporate Governance Committee seeks to have the Board represent a diversity of backgrounds and experience and assesses potential nominees in light of the Board’s current size and composition.

The Corporate Governance Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and robust engagement in the strategic planning process, and have a reputation for honest and ethical conduct in both his or her professional and personal activities. The Corporate Governance Committee may, from time to time, develop and recommend additional criteria for identifying and evaluating director candidates. In addition, the Corporate Governance Committee examines a candidate's other commitments, potential conflicts of interest and independence from management and the Company.

As part of the Committee's Board expansion initiative, the Corporate Governance Committee reassessed the Board's composition and in February 2018, it made a determination to actively seek candidates to diversify the Board as a means to provide a broad spectrum of experience and expertise to the Company that will promote the presentation and consideration of differing points of view. The Corporate Governance Committee and Board believe that differences of viewpoint, professional experience, individual characteristics, personal background, qualities, skills, qualifications, gender, ethnicity and race help generate varying perspectives and that those varying perspectives are important to the effectiveness of the Board's oversight of the Company.

The Corporate Governance Committee proactively considers diversity by annually reviewing with the Board the Board's composition as a whole and recommending, if appropriate, measures to be taken so that the Board reflects the appropriate balance of knowledge, depth, diversity of backgrounds and experience, and the skills and expertise required for the Board as a whole. The Corporate Governance Committee assesses the effectiveness of this policy by periodically reviewing the Board membership criteria with the Board. This assessment enables the Board to update the skills and experience it seeks in the Board as a whole and in individual directors, as the Company's needs evolve and change over time.

The Company has retained a third-party search firm to assist in identifying and vetting potential Board candidates. In addition, the Corporate Governance Committee identifies potential nominees by asking current directors and executive officers to notify the Corporate Governance Committee if they become aware of persons meeting the criteria described above who might be available to serve on the Board and by seeking recommendations from shareholders. Ms. Mulroy was identified for consideration as a director by other directors. Each of Ms. Atkins, Ms. Webb and Ms. Myers was presented for consideration as a director by the Company's third-party search firm.

Key Responsibilities

- identifying, evaluating and recommending qualified director candidates, including candidates recommended by shareholders or management
- assessing the qualifications, attributes, skills, experience, diversity and independence of Board members, taking into account appropriate considerations such as the Company's current and planned business, current and potential composition considerations, any planned director successions, and the qualifications required of directors under the gaming laws of jurisdictions where the Company operates
- reviewing the composition of the Board and its committees and recommending, as appropriate, measures to be taken for Board refreshment and Board succession planning
- reviewing and making recommendations regarding the Board's leadership structure
- overseeing corporate governance matters generally and developing and recommending to the Board Company-appropriate corporate governance guidelines
- overseeing and, as it determines appropriate, designating directors to participate in the Company's engagement with shareholders
- overseeing the annual evaluation of the Board and its standing committees

Consideration of Candidates Recommended by Shareholders

Our Corporate Governance Committee is pleased to consider director candidates recommended by shareholders. In considering such candidates, the Corporate Governance Committee will take into consideration the Board's current size and composition; the needs of the Board, including the skills and experience of existing directors; and the qualifications of the candidate. To have a candidate considered by the Corporate Governance Committee, a shareholder should submit the recommendation in writing and include the following information:

- The name of the shareholder and evidence of the shareholder's ownership of Company stock, including the number of shares owned and the length of time of ownership; and

- The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company, and the candidate's consent to being considered for nomination as a director if selected by the Corporate Governance Committee.

The shareholder recommendation and information described above should be sent to Wynn Resorts, Limited, c/o Corporate Secretary at 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109.

If the Corporate Governance Committee determines to pursue consideration of a person who has been identified as a potential candidate, the Corporate Governance Committee may take any or all of the following steps: collect and review publicly available information regarding the person, contact the person and request information from the candidate, vet the candidate's credentials, conduct one or more interviews with the candidate and contact one or more references provided by the candidate or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Corporate Governance Committee's evaluation process takes into account the person's accomplishments and qualifications, including in comparison to any other candidates that the Corporate Governance Committee might be considering, and does not vary based on whether or not a candidate is recommended by a shareholder.

CORPORATE COMPLIANCE COMMITTEE

In accordance with Nevada gaming laws, the Company has a Corporate Compliance Committee. The purpose of this committee is to assist the Company in maintaining the highest level of regulatory compliance, including, among other things, overseeing the administration of the Company's Gaming Compliance Program. In their roles as directors, Governor Miller and Ms. Mulroy currently serve as the Chairman and member of this committee, respectively. On February 28, 2018, Jacqui Krum, General Counsel for Wynn Boston Harbor, was appointed to serve on the Corporate Compliance Committee.

SPECIAL COMMITTEE

In January 2018, the Board formed a Special Committee comprised solely of independent directors to, among other things, investigate certain allegations regarding Stephen A. Wynn and to conduct a comprehensive review of the Company's internal policies and procedures with the goal of employing best practices to maintain a safe and respectful workplace for all employees. The members of the Special Committee are Ms. Mulroy, who serves as chair of the committee, Mr. Hagenbuch and Admiral Johnson.

Board Governance Notes

1. In connection with the resignation of our founder and former Chairman and CEO, Stephen A. Wynn, on February 6, 2018, the Board separated the position of Chairman of the Board from the position of CEO with the appointments of Mr. Wayson to serve as Non-Executive Chairman and Matt Maddox to serve as Chief Executive Officer and President. The Board believes that separating the position of Chairman of the Board from the position of CEO is in the best interests of the shareholders at this time because it allows Mr. Maddox to devote his time and attention to the day-to-day operations of the Company, while Mr. Wayson provides independent oversight and direction.
2. As Chairman, Mr. Wayson (i) presides over meetings of the Board, including executive sessions of the independent directors; (ii) oversees and reviews information sent to the Board; (iii) approves the agenda and schedule for Board meetings to provide that there is sufficient time for discussion of all agenda items; (iv) acts as the liaison between management and the independent Directors; (v) oversees the Company's engagement with shareholders on corporate governance and other appropriate issues, including being available, if requested by shareholders, when appropriate, for consultation and direct communication with significant shareholders; and (vi) performs such additional functions as designated by the Board.
3. Under the Board's Director Resignation Policy, if any director in an uncontested election does not receive over 50% of the votes cast, meaning that the director receives more "withhold" votes than "for" votes, the director is required to tender his or her resignation to the Chairman of the Board within five days of the election. The members of the Board (other than the affected director) then have the discretion to accept the resignation or not and the affected director must abide by the Board's decision.
4. Ten of the eleven current members of our Board satisfy the most stringent requirements of independence under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and applicable listing standards for audit committee members, and the Audit, Compensation and Corporate Governance Committees are each comprised entirely of independent members of the Board. All Committee agendas and all agendas for meetings of the Board are provided in advance to all independent members of the Board. The independent directors are encouraged to, and do, review the proposed agenda items and add additional items of concern or interest.

The Board has determined that ten of its eleven current members are independent under standards set forth in our Corporate Governance Guidelines and applicable listing standards. The Board has further determined that each of the ten independent directors also meets the additional, heightened independence criteria applicable to audit and compensation committee members under the Exchange Act and applicable listing standards. The ten independent directors are Ms. Atkins, Mulroy, Myers and Webb, Admiral Johnson, Governor Miller and Messrs. Hagenbuch, Shoemaker, Virtue and Wayson. During his service on the Board, Dr. Irani (who resigned from our Board on March 5, 2018) was also an independent director. Based upon information requested from each director concerning his or her background, employment and affiliations, the Board has affirmatively determined that none of the independent directors have a direct or indirect relationship with the Company that could interfere with the exercise of the director's independent judgment in carrying out his or her responsibilities. In assessing independence, the Board considered all relevant facts and circumstances, including that none of the independent directors or their immediate family members have any economic relationship with the Company other than the receipt of his or her director's compensation. None of the independent directors or their immediate family members are engaged in any related party transaction with the Company.

Ambassador Randt has been determined not to be independent as a result of consulting services he rendered to the Company prior to his appointment to the Board. We expect Ambassador Randt will meet the independence standards as of October 1, 2018.

Mr. Wynn, who resigned as Chairman and Chief Executive Officer of the Company on February 6, 2018, was not independent.

5. The Chairman of the Board is responsible for communicating to the CEO and management all concerns that arise during executive sessions.
6. Ownership requirements should be met for executives within three years of appointment to office and for directors within five years of election to the Board, with vested options and all restricted stock grants counted toward satisfaction of ownership guidelines. Any failure to meet guidelines will be referred to the Corporate Governance Committee for consideration. Compliance with the guidelines is reviewed once a year. As of March 2018, all members of the Board and senior corporate officers then serving satisfied the guidelines.
7. Pursuant to the Company's Trading Policy, our directors and executive officers are prohibited from engaging in speculative transactions in Company securities, such as trading in puts and calls, or selling securities short, and from all hedging and prospective pledging of Company securities as collateral for any loan, including by holding securities in a margin account and obtaining a loan or other margin credit under such account, unless approved in advance by the Board.
8. In accordance with our Corporate Governance Guidelines, all of our directors are expected to maintain the necessary level of expertise to perform their responsibilities as directors. The directors of Wynn Macau, Limited participate in the Company's regular compliance training program with the most recent training session held in March 2018. In February 2018, directors of the Company participated in our annual compliance training conducted by the Company's outside counsel.
9. Our CEO's compensation is established and reviewed by the Compensation Committee, all of whose members are independent. The Compensation Committee engages an independent third party to evaluate the level of the compensation provided to our NEOs. This evaluation was last completed in 2017 by Pay Governance LLC as described in the "Compensation Discussion and Analysis."

BOARD ROLE IN RISK OVERSIGHT

The Board has an active role in overseeing the Company's areas of risk.

- The Board formed a Special Committee comprised solely of independent directors to, among other things, conduct a comprehensive review of the Company's internal policies and procedures with the goal of employing best practices to maintain a safe and respectful workplace for all employees.

- The Board and its Committees, in consultation with management and the Company's independent auditors regularly review the Company's risk profile and have identified specific areas of risk including: regulatory compliance; legal and cultural, legislative and political conditions; capital availability and liquidity; gaming credit extension and collection; construction; catastrophic events; and succession planning.
- The Board (as a whole and through its Committees) has reviewed and approved management's process for identifying, managing and mitigating these risks. While the full Board has overall responsibility for risk oversight, the Board has assigned certain areas of risk oversight to its Committees as well as to the Company's Corporate Compliance Committee.
- Throughout the year, the Board, its Committees and the Company's Corporate Compliance Committee receive reports from management that include information regarding major risks and exposures facing the Company and the steps management has taken to monitor and control such risks and exposures.
- In addition, throughout the year, the Board, its Committees and the Company's Corporate Compliance Committee dedicate a portion of their meetings to review and discuss specific risk topics in greater detail.
- The Audit Committee is primarily responsible for the oversight of credit, related party, information security, construction and general financial risks.
- The Company's Corporate Compliance Committee primarily oversees risks relating to regulatory, security and political compliance.
- For the 2017 fiscal year, management completed a review of the Company's compensation policies and practices and presented its analysis to the Compensation Committee. The Compensation Committee concurred with management's conclusion that such policies and practices do not present risks that are reasonably likely to have a material adverse effect on the Company.

The Board met 10 times during 2017. All of the members of our Board attended at least 75% of the meetings held by the Board and the Committees on which they served during the periods in which they served. And in accordance with our Corporate Governance Guidelines, each of our directors is invited and encouraged to attend the Annual Meeting. All of our directors then serving on the Board attended the 2017 Annual Meeting.

BOARD COMMUNICATION AND ENGAGEMENT

In the case of communications addressed to more than one director, the General Counsel's office will make sufficient copies of the contents to send to each addressee.

COMPENSATION DISCUSSION AND ANALYSIS

WHO WE ARE

We believe Wynn Resorts is the world's preeminent designer, developer, and operator of integrated resorts. The Company's business model integrates luxury hotel rooms, high-end retail, an array of dining and entertainment options, meeting space, and gaming, all supported by superior levels of customer service provided by our over 25,000 employees.

Our operations in Las Vegas and Macau attract (and at Wynn Boston Harbor, which is expected to open in mid-2019, is designed to attract) a wide range of domestic guests and increasingly attract international customers.

HOW WE DID IN 2017

As the chart below illustrates, **our 2017 performance was strong**: We delivered approximately 97% Total Shareholder Return, out-performing by significant margins the S&P 500 (up approximately 22%) and the S&P consumer discretionary index (up approximately 23%):

Our 2017 performance is consistent with the strong results we have delivered since our initial public offering in 2002. Over that 15 year period, the Company has averaged a 23% TSR (including reinvestment of dividends), which is more than double the S&P 500's average of 10% TSR over the same time period.

Our key accomplishments in 2017 include:

- **Meaningfully Increasing Market Share in Macau with the Successful Ramp-up of Wynn Palace.** The property, which opened in August of 2016, generated \$528 million of Adjusted Property EBITDA and achieved 7.4% of gross gaming revenue market share in 2017, its first full fiscal year of operations. This contributed to very strong operating results from the Company's Macau operations during the year. See pages 127-130 of our Annual Report on Form 10-K for the year ended December 31, 2017 (Item 8, Note 15—"Segment Information" to our Consolidated Financial Statements) for the definition of "Adjusted Property EBITDA," a reconciliation of Adjusted Property EBITDA to net income attributable to Wynn Resorts, and other information regarding this non-GAAP financial measure.

- **Generating Record Results at Wynn Las Vegas.** Wynn Las Vegas generated an all-time property record \$522 million of Adjusted Property EBITDA in 2017, a 10% increase from 2016; broad-based net revenue growth of 4% in 2017, led by its non-gaming segments; and non-gaming gross revenues at Wynn Las Vegas reached a record high for Wynn Las Vegas of \$1.22 billion in 2017.
- **Making Substantial Progress in the Construction of Wynn Boston Harbor.** The integrated resort in Everett, Massachusetts adjacent to Boston along the Mystic River, will feature an array of premium amenities, including a hotel, a waterfront boardwalk, meeting and convention space, casino, spa, retail offerings, and food and beverage outlets. We expect to open Wynn Boston Harbor in mid-2019, and as of December, 2017 have incurred \$1.13 billion in total project costs of an estimated total project budget of approximately \$2.5 billion.
- **Maintaining a Robust Capital Investment Program at Existing Properties.** We continually enhance the guest experience at our properties in Las Vegas and Macau through strategic capital investments. This includes the construction of Wynn Plaza at Wynn Las Vegas, a 74,000 square-foot luxury retail plaza scheduled to open in the second half of 2018. We have started the site preparation for Phase I redevelopment of the Wynn Las Vegas golf course, expected to include a lagoon and additional meeting and convention space and anticipated to open in the first half of 2020. In Macau, we made investments to enhance the public areas and food and beverage offerings at both properties.
- **Maintaining Healthy Liquidity and Financial Flexibility.** As of December 31, 2017, the Company had approximately \$3.13 billion of cash and investments on-hand and approximately \$1.60 billion of undrawn debt capacity to help fund its current and potential future development projects. During 2017, the Company meaningfully improved the maturity profile of its debt obligations by amending and extending the Wynn America Credit Facilities, redeeming the Wynn Las Vegas First Mortgage Notes due 2022 by using proceeds from the issuance of new Wynn Las Vegas Senior Notes due 2027, and redeeming the Wynn Macau Senior Notes due 2021 by using proceeds from the issuance of new Wynn Macau Senior Notes due 2024 and 2027.
- **Continuing to Return Significant Capital to our Shareholders.** During 2017, we returned approximately \$204 million (\$2.00 per share) of cash to shareholders through dividend payments. Through the end of 2017, we have returned approximately \$6.6 billion (\$60.75 per share) since our initial public offering in 2002.
- **Earned More Forbes Five-Star Awards than Any Independent Hotel Company.** Forbes Travel Guide awarded sixteen Five-Star awards in 2018 to Wynn Macau, Wynn Palace and Wynn Las Vegas. Wynn Palace earned a coveted Five-Star triple crown for its hotel, spa, and Sushi Mizumi restaurant while Wing Lei at Wynn Las Vegas remained the only Five-Star Chinese restaurant in North America. Collectively, Wynn Resorts has more Forbes Travel Guide Five-Star awards than any other independent hotel company in the world. Wynn Macau is the only resort in the world with eight Forbes Travel Guide Five-Star awards.

HOW WE USE COMPENSATION TO FURTHER OUR STRATEGY AND SUPPORT OUR PERFORMANCE

We take a multi-decade investment approach to our business that focuses on rewarding strong near-term performance and the creation of long-term shareholder value. Because product quality and service excellence are at the core of our strategy, we use annually focused, operations-based pay to highlight the critical importance of performing well each year for each customer. We supplement that with a set of long-term incentives and holding requirements to support the sustainability of our reputation and our ongoing returns.

SHAREHOLDER ENGAGEMENT

Over the last five years (from 2013 through April 2018) we have made important updates to our pay plans and corporate governance documents and policies based on our changing needs and the input we have received from engagements with our shareholders. Each change supports our business model and the aligning of our compensation with our performance goals. These changes include:

- Separating the positions of Chairman of the Board and CEO, with an independent director as board chair
- Commencing a board refreshment process to meet our evolving needs and strengthen our Board's diversity, skills and experience
- Eliminating all excise tax-gross ups
- Doubling the stock holding requirement for our CEO (now 10X base salary)

- Implementing a policy requiring a director who does not receive 50% of votes cast in an uncontested election to offer his or her resignation
- Creating multiple metrics for our annual incentive programs, consistent with best practices, including increasing by 10% the minimum Adjusted Property EBITDA goal with respect to 2017 performance awards
- Implementing plans in which the majority of NEOs' pay is "at risk." For 2017, approximately 87% of Mr. Wynn's total compensation (as reported in the Summary Compensation Table) was at-risk and tied to the achievement of three performance goals set by the Compensation Committee
- Creating performance-based stock awards that vest over multiple years
- Reducing our former CEO's base salary and eliminating various former CEO perquisites
- Shifting payments of annual incentive bonuses from all cash to 50% stock
- Exercising negative discretion to reduce compensation payouts when warranted

SAY-ON-PAY VOTE HISTORY

We intend to continue to improve our compensation plans, and are grateful for the ongoing shareholder input that informs our discussions. Although a majority of our shareholders supported our advisory vote on the compensation of our named executive officers in 2017, the total votes in support—approximately 62%—were well short of the levels we had hoped to achieve then, or in future years. We encourage you, our shareholders, to continue to reach out to us via the various means described in this proxy statement. We value the input of our shareholders and encourage the ongoing information exchange that enables us to remain current with prevailing practices.

This compensation discussion and analysis focuses, as required by applicable rules, on compensation awarded in 2017 to our Named Executive Officers, which includes our former CEO and Chairman Stephen A. Wynn. To provide context, we also provide some information on actions taken since Mr. Wynn resigned and Matt Maddox became CEO. We do not think of Wynn Resorts as a company run by a small group of officers, but as a team of over 25,000 employees dedicated to providing our guests the best possible experiences, being welcome members of our communities and generating ongoing returns for our shareholders.

PHILOSOPHY AND OVERVIEW OF OUR EXECUTIVE COMPENSATION PROGRAM

Our Compensation Philosophy. We, the Compensation Committee, believe that our ability to oversee the delivery of operational excellence and steady returns depends on attracting and retaining a high-performing management team. To achieve this we rely on these principles:

- **Top talent.** Our business spans continents, requires tight coordination with regulators, depends on knowledge of numerous types of operations, and is highly dependent on a reputation for excellence, so finding and retaining top talent is a critical element of our compensation.

- **Pay-for-sustainable performance.** The majority of our executives' total compensation is tied to achieving annual and long-term goals that enhance the value of our reputation and brand and drive long-term shareholder value. The Compensation Committee retains discretion to reduce amounts earned and payable when doing so will further these goals. In 2018, the Compensation Committee implemented performance-based stock awards that vest upon achievement of pre-established financial performance goals over each of the next three years that are based upon property-level revenue and Adjusted Property EBITDA.
- **Shareholder alignment.** Our long-term equity incentives align executives' interests with those of shareholders and stakeholders.
- **Focus on compensation totals and parity.** We evaluate the total amounts of executives' compensation for parity purposes and assess them relative to the pay practices of major gaming companies and other competitors for talent.
- **Simplicity and clarity.** We value pay structures that are simple and clear. We believe pay simplicity promotes transparency, avoids incentivizing focus on pay goals at the expense of ongoing excellence and performance, and promotes teamwork.
- **Good compensation governance.** We believe in building our compensation programs on a good *compensation governance* foundation. Our Compensation Committee is comprised solely of independent directors and it hires our compensation consultant who provides no services to our management. Our past service-based equity awards vest over long periods and are subject to meaningful stock holding requirements. A significant percentage of our annual incentives are equity based and subject to multiple performance metrics—with no minimum guaranteed payments. We do not reprice options or pay dividends on option awards. We provide no supplemental retirement or pension benefits to NEOs. In 2018, the Compensation Committee terminated executives' right to an excise tax gross-up in connection with any separation payments. Our pay plans are subject to risk assessments and our change-in-control payments to double triggers.

The Compensation Committee regularly evaluates the Company's compensation arrangements to assess whether they support these objectives.

Long-term incentive: stock options & restricted stock	Encourage focus on long-term value creation, promote retention and align executive and shareholder interests.
Executive benefits	Promote executive and family well-being through health and insurance benefits, complimentary resort privileges and merchandise discounts.

2017 EXECUTIVE COMPENSATION DECISIONS

We do not use a set formula for allocating compensation opportunities among the principal elements of our executive compensation program. Instead, we offer total compensation packages that the Compensation Committee views to be effective for attracting and retaining key leaders while motivating management to maximize long-term Company value for our shareholders.

Base Salary. Negotiated employment agreements establish our NEOs' initial base salaries. We review and adjust their base salaries periodically to stay competitive, to reflect improvements in performance, capabilities, and experience, and reward expansions of responsibility or other extraordinary circumstances. Base salaries for the NEOs as of December 31, 2017 and 2016 were:

EXECUTIVE	2017 BASE SALARY	2016 BASE SALARY	INCREASE
Matt Maddox ⁽¹⁾	\$1,500,000	\$1,500,000	0%
Kim Sinatra	\$1,000,000	\$1,000,000	0%

Stephen A. Wynn	\$2,500,000	\$2,500,000	0%

⁽¹⁾ Mr. Maddox's base salary was increased to \$2,000,000, effective February 27, 2018, in connection with his promotion to Chief Executive Officer.

⁽²⁾ Mr. Billings joined the Company on March 1, 2017. Mr. Billings' base salary was increased to \$875,000, effective March 1, 2018, in connection with the one-year extension of his employment agreement, and in recognition of his contributions to the performance of the Company.

Annual Incentives. For the 2017 annual incentive awards granted under our Omnibus Plan, the Compensation Committee selected three performance goals:

- **2017 Adjusted Property EBITDA.** This is used to measure the operating performance of our segments compared to those of our competitors.
- **Forbes Five-Star distinction in hotel, food and beverage or spa categories on both Las Vegas and Macau.** Our business depends on repeat visits from guests and requires superior customer experience and service. Achieving and maintaining Forbes-Five Star distinction drives excellence across a broad range of operations at our properties and is essential to drive customer demand, increase brand awareness and build loyalty over the long term. This goal encourages long-term investment in our human capital and retention of talent because we believe human resources and staff training ensure our employees are prepared to provide the luxury service that our guests expect.
- **Achieving substantial completion of the construction of Wynn Plaza.** Wynn Plaza is an opulent new shopping experience currently expected to open in the second half of 2018, and is part of our focus on continuing to refresh our resorts and create unique customer experiences. This performance goal supports the Company's strategic deployment of capital expenditures aimed at building brand equity and loyalty among premium customers who drive attractive long-term returns for our business.

COMPENSATION DISCUSSION AND ANALYSIS

Mr. Cootey left the Company on March 1, 2017, and was not eligible for any bonus.

When setting the Adjusted Property EBITDA goal, the Compensation Committee considered the competitive projects in Cotai, current conditions in Macau and the Company's operating and growth strategies.

If each of the performance goals was achieved at maximum levels, the NEO participants were eligible to receive the maximum awards set forth in the table below. These awards were subject to (i) the limitations set forth in the Omnibus Plan, including the cash and stock grant limits and requirement of continued employment through the end of the calendar year performance period, and (ii) the Compensation Committee's right, in its discretion, to reduce actual bonus amounts paid, taking into account other performance considerations, including corporate, property level and individual performance, as well as general macroeconomic conditions.

Actual Adjusted Property EBITDA for 2017 was \$1.81 billion, the Company maintained its Forbes Five-Star distinction in both Las Vegas and Macau, and the Company achieved substantial completion of Wynn Plaza with the issuance of the temporary certificate of occupancy in October 2017. Accordingly, all performance metrics for maximum funding were attained, and in December 2017, the Compensation Committee determined the actual award payouts as set forth below. As part of our tax planning in connection with the Tax Cuts and Jobs Act signed into law on December 22, 2017 (the "Tax Reform Act"), we paid 2017 annual incentive awards to the NEOs in December 2017 instead of January 2018, resulting in a net tax savings for the Company of \$4.9 million.

⁽¹⁾ Amounts in the Threshold column reflect potential awards for achievement of 2017 Adjusted Property EBITDA between \$1.1 billion to \$1.375 billion, achievement of goals 2 and 3. No awards would have been payable under goal 1 if the 2017 Adjusted Property EBITDA were below \$1.1 billion. Adjusted Property EBITDA is net income before interest, income taxes, depreciation and amortization, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, loss on extinguishment of debt, change in interest rate swap fair value, change in Redemption Note fair value, and other non-operating income and expenses, and includes equity in income from unconsolidated affiliates. See pages 127-130 of our Annual Report on Form 10-K for the year ended December 31, 2017 (Item 8, Note 15—"Segment Information" to our Consolidated Financial Statements) for the definition of "Adjusted Property EBITDA," a reconciliation of Adjusted Property EBITDA to net income attributable to Wynn Resorts, and other information regarding this non-GAAP financial measure.

⁽²⁾ Amounts in the Target column reflect potential awards for achievement of 2017 Adjusted Property EBITDA between \$1.375 billion to \$1.675 billion and achievement of goals 2 and 3.

⁽³⁾ Amounts in the Maximum column reflect potential awards for achievement of 2017 Adjusted Property EBITDA of over \$1.675 billion and achievement of goals 2 and 3.

⁽⁴⁾ The amounts set forth in this column reflect the aggregate grant date fair value of stock awards granted. These stock awards are fully vested.

⁽⁵⁾ Mr. Cootey left the Company on March 1, 2017, and as such was not eligible for any bonus.

Long-term Incentives. The Company has historically made periodic—not annual—equity grants to executives, including our NEOs. Those periodic grants were typically made with long-term vesting dates of up to ten years.

On February 28, 2017 in conjunction with the extension of Mr. Maddox's and Ms. Sinatra's contracts the Company awarded 200,000 and 100,000 shares of restricted stock to them respectively. Other than equity issued in payment of annual incentive awards, this was the first long-term equity incentive award to Mr. Maddox since 2013 and the first long-term incentive award to Ms. Sinatra since 2014. The restricted stock awards provided that they would vest in full on November 4, 2021 subject to continued employment. These awards were amended in April 2018 as described below in "Recent Compensation Actions."

In connection with Mr. Maddox's promotion as the Company's Chief Executive Officer, he received a grant of 50,000 shares of restricted stock in April 2018. Except as otherwise described in the section titled "Potential Payments or Upon Termination or Change in Control", Mr. Maddox's award vests as follows: 10,000 shares vest on each of March 1, 2019, March 1, 2020 and March 1, 2021, based on the achievement of performance-based criteria set by the Compensation Committee, and 10,000 shares vest on each of March 1, 2022 and March 1, 2023, subject to continued employment.

In connection with Mr. Billings' appointment as the Company's Chief Financial Officer, he received a grant of 30,000 shares of restricted stock on March 1, 2017. The restricted stock award vests 20% per year, subject to his continued employment, except as otherwise described in more detail under the heading "Potential Payments Upon Termination or Change in Control." In connection with the extension of Mr. Billings' employment agreement, he received a grant of 25,000 shares of restricted stock in April 2018. Except as otherwise described in the section titled Potential Payments or Upon Termination or Change in Control, Mr. Billings' award vests as follows: 5,000 shares vest on each of March 1, 2019, March 1, 2020 and March 1, 2021, based on the achievement of performance-based criteria set by the Compensation Committee, and 5,000 shares vest on each of March 1, 2022 and March 1, 2023, subject to continued employment.

Executive Benefits. We provide our NEOs with benefits that we believe are reasonable, competitive and consistent with our overall executive compensation program. Our primary executive benefits are certain health insurance coverage, life insurance premiums, discounts and complimentary privileges with respect to the Company's resorts, which are described in the footnotes to the "Summary Compensation Table." For 2017, we paid nonresident state income taxes imposed on our executives who were required by us to travel on Company business and perform services in states other than their states of employment. This primarily arose as a result of travel to and work in Massachusetts in connection with our Wynn Boston Harbor resort. Our reimbursement covers the incremental cost of the nonresident taxes and puts the executives in the same economic position as though they had worked in their normal places of business. The Company does not gross-up or pay any state income taxes that the employees incur on account of work in their normal work locations.

Also for 2017, as part of our tax planning in connection with the Tax Reform Act, we paid 2017 annual incentive awards in December 2017 instead of January 2018 because it was tax advantageous for the Company. Because this timing resulted in the grantees being subject to higher taxes than if we had made the payments in the normal course in 2018, we made the NEOs whole for the incremental federal income taxes that they incurred, so that payments received in 2017 would be tax neutral for the grantees. The net tax savings for the Company of this arrangement outweighed the aggregate incremental payments to the NEOs by \$4.9 million.

In addition, prior to his resignation, Mr. Wynn had access to the Company's aircraft for personal use pursuant to a time sharing agreement described in "Certain Relationships and Related Transactions—Aircraft Arrangements." Mr. Wynn was required to reimburse the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee. For security purposes, the Board required Mr. Wynn to travel on Company aircraft for both personal and business travel, and the Company provided cars and a driver in Las Vegas for his business and personal use. We maintain a comprehensive security program for the Company. As a component of that program, we provided Mr. Wynn with personal security services, which we viewed as a necessary and appropriate business expense. In determining the level and form of protection, we considered both security risks faced by multinational corporations generally and security risks specific to our Company and Mr. Wynn.

RECENT COMPENSATION ACTIONS

In April 2018, the Compensation Committee approved amended agreements with Messrs. Maddox and Billings and with Ms. Sinatra that provided for the following:

- Mr. Maddox's amended agreement provides for a base salary of \$2,000,000 per year and a target annual bonus equal to 250% of the annual base salary Mr. Maddox receives during the applicable year, extends the termination date of the agreement from December 31, 2019 to February 27, 2021, and provides for separation payments that include at least 18 months' salary, instead of 12 months' salary.
- Under the amended agreements, Mr. Maddox and Ms. Sinatra agreed to the cancellation of their right to an excise tax gross-up that previously was payable in connection with any separation payments, resulting in the elimination of all excise tax gross-ups in the Company's compensation program.
- Mr. Billings' amended agreement provides for an annual base salary of \$875,000 and extends the term of his agreement by one year.
- The Company amended the restricted stock awards granted to Mr. Maddox and Ms. Sinatra in 2017, and granted 50,000 shares of restricted stock to Mr. Maddox and 25,000 shares of restricted stock to Mr. Billings. As a result of the

amendments and new grants, vesting of 60% of each executive's new and amended restricted stock grants are based on achievement of pre-established property-level revenue and Adjusted Property EBITDA performance goals over each of the next three years, instead of vesting solely on the basis of continued employment. The agreements provide for accelerated or pro-rata vesting upon certain terminations of employment and amend the definition of "change of control" to delete a reference to Mr. Wynn and his affiliates.

HOW WE MAKE PAY DECISIONS

Role of the Compensation Committee and Management in Setting Compensation. The Compensation Committee sets all elements of compensation for our NEOs based upon consideration of their contributions to the operating and strategic performance of the Company. The Compensation Committee considers the recommendations of the CEO in establishing compensation for all other NEOs. In addition, the CEO performs annual reviews of our senior executive officers and makes recommendations to the Compensation Committee. The Compensation Committee reviews the recommendations and makes final decisions regarding compensation for our senior executive officers.

Role of the Compensation Consultant. The Compensation Committee has the authority to retain compensation consulting firms exclusively to assist it in the evaluation of senior executive officer and employee compensation and benefit programs. In 2017, the Compensation Committee retained Pay Governance, a nationally recognized independent compensation consulting firm, to assist in performing its duties. Pay Governance does not provide services to the Company other than the advice on director and executive compensation that it may provide the Compensation Committee when requested. In 2017, Pay Governance provided the Compensation Committee with a peer group review and competitive compensation analysis, in connection with the Compensation Committee's review of compensation levels of our NEOs. The Compensation Committee retains sole responsibility for engaging its advisors.

Independence of the Compensation Consultant. The Compensation Committee has determined that Pay Governance is independent and the services provided by Pay Governance currently do not and during 2017 did not raise any conflict of interests. In reaching these conclusions, the Compensation Committee considered the factors set forth in Rule 10C-1 of the Exchange Act and applicable listing standards.

Setting Executive Compensation. Generally, in determining base salary, annual incentive award goals and guidelines for equity awards, the Compensation Committee uses the NEOs' current level of compensation as the starting point. Our compensation decisions consider the scope and complexity of the functions executives oversee; the contribution of those functions to our overall performance; executives' experience and capabilities; individual performance; and practices of our peers. In addition, wealth accumulation is considered when making equity grants to assure alignment of the interests of our senior executive officers and those of our shareholders.

The Compensation Committee reviews total compensation, along with the value of past equity awards, to assess the general competitiveness of compensation. Annual cash and equity incentive compensation awards and special bonuses are considered on the basis of Company and individual performance. However, increases to base salary and additional equity incentive awards are made only on a periodic basis or in recognition of notable contributions to value creation for Company shareholders.

Other Key Considerations. The Compensation Committee is mindful that gaming companies have historically provided total compensation packages that may be higher than many of their non-gaming counterparts due to the unique blend of entrepreneurial and managerial skills required to be successful in gaming, as well as regulatory and other extraordinary demands. In addition, the Company's global operations have required that NEOs provide extraordinary levels of commitment and financial, development, and operating expertise. In fulfilling the Company's goal of attracting and retaining high-quality and experienced executives, the Compensation Committee considers these factors in its determination of total compensation for the NEOs.

OTHER ASPECTS OF OUR EXECUTIVE COMPENSATION

Peer Group and Market Analysis. The Compensation Committee believes that it is appropriate to offer competitive total compensation packages to senior executive officers in order to attract and retain top executive talent. The compensation peer group allows the Compensation Committee to monitor the compensation practices of our primary competitors for executive talent. The Compensation Committee does not target any specific pay percentile for the Company's senior

executive officers. Instead, the Compensation Committee uses this information as a general overview of market practices and to ensure that it makes informed decisions on senior executive officer pay packages.

In 2017, as part of our regular review of our compensation programs, the Compensation Committee considered peer group data from gaming and other related industries that the Compensation Committee believes reflect the competitive market for executive talent similar to that required by the Company. Our peer group was last updated in 2016.

Employment Agreements. We have a longstanding practice of entering into multi-year employment agreements with our senior executive officers and senior management. We believe that employment agreements provide greater assurance of continuity and retention of critical creative and operating talent in a highly competitive industry. Employment agreements for our NEOs are approved by the Compensation Committee in consultation with the Compensation Committee's independent compensation advisors, as needed. The employment agreements for the NEOs currently employed by the Company specify their base salary and provide that if the executive's employment (i) terminates without cause at the Company's election, (ii) is terminated by the executive following the Company's material breach of the agreement or (iii) is terminated by the executive for good reason after a change in control, the executive will receive a separation payment as described in more detail under the heading "Potential Payments Upon Termination or Change in Control." The employment agreements and the terms of equity awards also provide that vesting of some or all of an executive's equity awards will accelerate upon such event. The employment agreements provided for an excise tax gross up but the executives subsequently agreed to cancel their right to such gross-up. We believe that providing for these benefits in such situations enhances the value of the business by preserving the continuity of management during potential change in control situations and by focusing our senior executives on our long-term priorities. Additional information regarding payments under these provisions is provided under the heading "Potential Payments Upon Termination or Change in Control."

Tax Deductibility of Compensation. At the time our Compensation Committee established compensation arrangements for our NEOs for fiscal 2017, Internal Revenue Code Section 162(m) prevented publicly traded companies from receiving a tax deduction on certain compensation paid to the chief executive officer and three other highest-paid executive officers (other than the chief financial officer) in excess of \$1,000,000 in any taxable year, unless the compensation qualified as "performance-based." The Tax Reform Act, among other things, repealed the exception from Section 162(m)'s deduction limit for "performance-based" compensation for taxable years beginning after December 31, 2017. The Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Committee will review the Tax Reform Act and its impact on the Company's executive compensation program. Prior to the Tax Reform Act, the Company generally sought to design and administer some components of executive compensation to allow for tax deductibility when consistent with the overall objectives of the compensation program. However, the Compensation Committee has always maintained the ability to elect to provide non-deductible compensation when it determines that to be advisable to achieve its compensation objectives of attracting or retaining key executives, or where the Compensation Committee determines that achieving maximum tax deductibility would be disadvantageous to the best interests of the Company.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on such review and discussion, we have recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

EXECUTIVE COMPENSATION TABLES

SUMMARY COMPENSATION TABLE

The table below summarizes the total compensation awarded to, earned by, or paid to, each of our NEOs for the fiscal years ended December 31, 2017, 2016 and 2015. Please note that \$19,230,000 and \$9,615,000 of the amounts shown under "Stock Awards" for 2017 with respect to Mr. Maddox and Ms. Sinatra reflects (as required by applicable rules) the full grant date fair value of long-term restricted stock grants. These were the first long-term equity incentive awards granted to Mr. Maddox and Ms. Sinatra since 2013 and 2014, respectively. The restricted stock awards provided that they would vest in full in approximately five years, on November 4, 2021, subject to continued employment. These awards were amended in April 2018 to impose performance-vesting conditions as described in "Recent Compensation Actions."

⁽¹⁾ Stock awards granted as a component of the 2017, 2016 and 2015 annual incentive awards are reported in this column as 2017, 2016 and 2015 compensation, respectively, to reflect the applicable service period for such awards; however, stock grants for 2016 and 2015 were approved by the Compensation Committee in January of the following calendar year. Stock grants for 2017 were approved by the Compensation Committee in December 2017. See annual incentive award payouts as described in "Compensation Discussion and Analysis—Elements of Executive Compensation—Annual Incentives" for a description of the 2017 annual incentive awards. The amounts reported in 2017 for Mr. Maddox, Ms. Sinatra and Mr. Billings, reflect a portion from restricted stock grants which are not related to the annual incentive awards and were reported in the year of grant. Grants of 200,000 and 100,000 shares of restricted stock to Mr. Maddox and Ms. Sinatra, respectively, were made in connection with the renewal of their employment agreements for three years, provided that they would vest in full on November 4, 2021. The grant of 30,000 shares of restricted stock to Mr. Billings was made in connection with his three year employment agreement, and such grant vests over a five year period.

⁽²⁾ The amounts set forth in this column reflect the aggregate grant date fair value of stock awards computed in accordance with accounting standards for stock based compensation. See our Annual Report on Form 10-K for the year ended December 31, 2017, Item 8, Note 12—"Stock-Based Compensation" to our Consolidated Financial Statements for assumptions used in computing fair value.

⁽³⁾ As described above under "Compensation Discussion and Analysis—Elements of Executive Compensation—Annual Incentives," in December 2017, the Compensation Committee exercised its discretion to pay 50% of the actual earned annual incentive for all then current NEOs in stock.

⁽⁴⁾ For executives other than Mr. Wynn and Mr. Cootey, "All Other Compensation" for 2017 includes cash dividends accrued on unvested stock, which is paid if and when the stock vests.

EXECUTIVE COMPENSATION TABLES

Furthermore, because of the Tax Reform Act, which was signed into law on December 22, 2017, the annual incentive awards were paid in December 2017 instead of January 2018 because it was tax advantageous for the Company. If payments were made in 2018, the grantees would have been subject to a lower tax bracket. As such, the Company paid the incremental federal income taxes ("Incremental FIT") incurred by the NEOs so that payments received in 2017 would be tax neutral for the grantees. The net tax savings for the Company of this arrangement outweighed the aggregate Incremental FITs by \$4.9 million.

In addition, for 2017, the Company paid nonresident state income taxes imposed on employees who are required by us to travel on Company business and perform services in states (i.e., Massachusetts) other than their states of employment. The reimbursement covers the incremental cost of these nonresident taxes and puts the employees in the same economic position as though they had worked in their normal places of business. The Company does not gross-up or pay any state income taxes that the employees incur in their normal work locations.

The following amounts for 2017 are included in "All Other Compensation" for Mr. Maddox:

- (i) personal use of Company aircraft of \$3,454 (Mr. Maddox receives no tax gross ups relating to the value of aircraft usage that is imputed to him as compensation);
- (ii) insurance premiums and benefits including executive life and medical insurance of \$8,940;
- (iii) reimbursement of taxes related to work performed in Massachusetts of \$2,079;
- (iv) Incremental FIT of \$161,240;
- (v) matching contributions made under the Company's \$401(k) Plan, which is generally available to our eligible employees, of \$8,100;
- (vi) merchandise discounts of \$2,820; and
- (vii) accrued cash dividends on unvested restricted stock of \$300,000.

The following amounts for 2017 are included in "All Other Compensation" for Ms. Sinatra:

- (i) insurance premiums and benefits including executive life and medical insurance of \$6,640;
- (ii) reimbursement of taxes related to work performed in Massachusetts of \$6,634;
- (iii) Incremental FIT of \$107,494;
- (iv) matching contributions made under the Company's \$401(k) Plan, which is generally available to our eligible employees, of \$8,100;
- (v) merchandise discounts of \$175; and
- (vi) accrued cash dividends on unvested restricted stock of \$150,000.

The following amounts for 2017 are included in "All Other Compensation" for Mr. Billings:

- (i) insurance premiums and benefits including executive life and medical insurance of \$665;
- (ii) reimbursement of taxes related to work performed in Massachusetts of \$285;
- (iii) Incremental FIT of \$80,620; and
- (iv) accrued cash dividends on unvested restricted stock of \$45,000.

The following amounts for 2017 are included in "All Other Compensation" for Mr. Wynn:

- (i) personal use of Company aircraft of \$250,000 (Mr. Wynn receives no tax gross ups relating to the value of aircraft usage that is imputed to him as compensation);
- (ii) the Company's incremental cost of \$213,758 to provide personal security to Mr. Wynn;
- (iii) insurance premiums and benefits including executive life and medical insurance of \$65,203;
- (iv) allocated compensation and benefits for the personal use of a driver whom we employed for Mr. Wynn and the personal use of vehicles of \$109,671;
- (v) merchandise discounts of \$39,103;
- (vi) Incremental FIT of \$1,343,669; and
- (vii) reimbursement of taxes related to work performed in Massachusetts of \$1,291.

⁽²⁾ The shares vested relate to the 2017 performance-based annual incentive awards, which were granted in December 2017.

The amounts reported in the table above are based on the closing price of the Company's Common Stock on the date the stock award vested. Upon vesting of the stock award, the executive also was paid an amount equal to the dividends that had accrued on the shares prior to their vesting.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Payments Made Upon Termination Due to Death, Complete Disability or License Revocation. The Company's employment agreements with its current NEOs provide that such agreements terminate automatically upon death or complete disability of the employee, as well as upon failure of the employee to obtain or maintain any required gaming licenses. Upon such termination, such NEO is entitled to a lump sum payment of accrued and unpaid base salary and vacation pay through the termination date. Pursuant to the terms of the applicable stock option agreements and restricted stock grant agreements, all of the unvested options and restricted stock held by the NEOs would vest upon termination as a result of such NEO's death or complete disability.

Payments Made Upon Termination Without Cause at Employer's Election or at Employee's Election Upon Material Breach During the Term. The Company's employment agreements with its NEOs provide that such agreements are terminable by the Company without cause upon notice to the employee, so long as a "separation payment" is paid as provided in such contracts, or by the employee upon written notice to the Company of the Company's material breach of the agreement. Cause is defined as (i) inability or failure to secure and/or maintain any licenses or permits required by government agencies with jurisdiction over the business of the Company or its affiliates; (ii) willful destruction of property of the Company or an affiliate having a material value to the Company or such affiliate; (iii) fraud, embezzlement, theft, or comparable dishonest activity (excluding acts involving a de minimis dollar value and not related in any manner to the Company, its affiliates or their business); (iv) conviction of or entering a plea of guilty or nolo contendere to any crime constituting a felony; (v) material breach of employment agreement; (vi) neglect, refusal, or knowing failure to materially discharge duties (other than due to physical or mental illness) commensurate with title and function, or failure to comply with the lawful directions of the Company or its board; (vii) knowing material misrepresentation to the Company or its board of directors; (viii) failure to follow a material policy or procedure of the Company or an affiliate; or (ix) material breach of a statutory or common law duty of loyalty or fiduciary duty to the Company or an affiliate. Material breach is defined as (i) the Company's failure to pay the employee's base salary when due, (ii) the Company's material reduction in the scope in the employee's duties and responsibilities such that the employee's remaining duties and responsibilities are materially inconsistent with duties and responsibilities generally associated with the employee's position with the Company, or (iii) a material reduction in the employee's base salary.

The "separation payment" for all NEOs equals the sum of (a) base salary for the remainder of the term of the employment agreement, but not less than 12 months; (b) bonus projected for all bonus periods through the end of the term of the employment agreement (based upon the last bonus paid pursuant to the employment agreement), but not less than the preceding bonus that was paid; (c) any accrued but unpaid vacation pay; and (d) except for Mr. Billings, an excise tax gross up. If Mr. Maddox, Ms. Sinatra or Mr. Billings is terminated without cause or resigns following the Company's material breach of his or her employment agreement, then as a condition to receiving such separation payment, he/she must execute a written release-severance agreement that (1) releases the Company, its affiliates, and their officers, directors, agents and employees, from any claims or causes of action, and (2) provides for the confidentiality of both the terms of the

release-severance agreement and the compensation paid. In addition, the NEOs are entitled to health benefits coverage under the same plan or arrangement as such NEO was covered immediately prior to termination. Health benefits are to be provided until the earlier of the remainder of the original term, or until the employee is covered by a plan of another employer. The restricted stock awards granted to Mr. Maddox, Ms. Sinatra and Mr. Billings in 2017 will vest pro rata for the number of months served since the grant date upon termination by the Company without “cause” or by the employee upon the Company’s material breach. As discussed above, in April 2018, the Compensation Committee approved an amended and restated employment agreement with Mr. Maddox. Under Mr. Maddox’s amended agreement, the termination date of the agreement is extended from December 31, 2019 to February 27, 2021 and, as part of any “separation payment,” Mr. Maddox is eligible to receive his base salary for the remainder of the term of the amended agreement, but not less than 18 months. Additionally, under his amended agreement and Ms. Sinatra’s amended employment agreement, both Mr. Maddox and Ms. Sinatra agreed to the cancellation of their right to an excise tax gross-up that previously was payable in connection with any separation payments.

Payments Made Upon Termination by Employee for Good Reason after Change in Control. The Company’s employment agreements with its NEOs provide that such agreements are terminable by the employee for good reason after a change of control. A change of control is defined as (a) any person or group (other than Mr. Wynn and his affiliates) becomes the beneficial owner of more than 50% of the Company’s outstanding securities, (b) the existing directors of the Company (including those elected in the normal course and not including those elected as a result of an actual or threatened election contest) cease to constitute a majority of the Board of the Company, or (c) the consummation of a merger, consolidation or reorganization to which the Company is a party or the sale or disposition of substantially all of the assets of the Company. Good reason is defined as: (i) reduction of employee’s base salary; (ii) discontinuation of employer’s bonus plan without immediately replacing such bonus plan with a plan that is the substantial economic equivalent of such bonus plan, or amends such bonus plan so as to materially reduce employee’s potential bonus at any given level of economic performance of employer or its successor entity; (iii) material reduction in the aggregate benefits and perquisites to employee; (iv) requirement that such employee change the location of his or her job or office by a distance of more than 25 miles; (v) reduction of responsibilities or required reporting to a person of lower rank or responsibilities; or (vi) a successor’s failure to expressly assume in writing the employment agreement. Upon termination by the employee pursuant to this provision, the employee is entitled to the “separation payment” described under “Payments Made Upon Termination Without Cause at Employer’s Election During the Term” above. Pursuant to the terms of the applicable stock option agreements, some or all of the unvested options held by the NEOs would immediately vest upon termination by the Company without cause or upon termination by the employee for good reason after a change of control. The amended employment agreements with Mr. Maddox, Ms. Sinatra and Mr. Billings amend the definition of “change of control” to delete the reference to Mr. Wynn and his affiliates and provide that their restricted stock awards will vest in full upon termination for “good reason” following a “change of control.”

Payments Made Upon Termination. The tables below reflect the amount of compensation that would become payable to each of our current NEOs under existing agreements and arrangements if the NEO’s employment had terminated on December 31, 2017, given the NEO’s compensation as of such date and, if applicable, based on the Company’s closing stock price on that date. These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including under then-exercisable stock options, and benefits generally available to all salaried employees, such as distributions under the Company’s 401(k) plan. In addition, in connection with any actual termination of employment, the Compensation Committee may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Compensation Committee determines appropriate. The actual amounts that would be paid upon an NEO’s termination of employment can only be determined at the time of such executive’s separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event and the Company’s stock price.

"Separation Payment" means an amount equal to the sum of (i) base salary through the end of the term of his employment agreement, but not more than four years, and (ii) bonus for all bonus periods based upon last bonus paid pursuant to the employment agreement through the end of the term of the agreement, but not less than 12 months or more than four years.

Separation Agreement. On February 6, 2018, Mr. Wynn resigned from his position as the Company's Chairman and Chief Executive Officer, effective immediately. Mr. Wynn did not receive any severance payment or other compensation in connection with his resignation. On February 15, 2018, the Company entered into a separation agreement among the Company, Mr. Wynn, and Wynn Resorts Holdings, LLC (the "Separation Agreement") specifying the terms of Mr. Wynn's termination of service with the Company. The Separation Agreement terminates Mr. Wynn's previous employment agreement with the Company and confirms that Mr. Wynn is not entitled to any severance payment or other compensation from the Company under the employment agreement. Under the Separation Agreement, Mr. Wynn agrees not to compete against the Company for a period of two years and to provide reasonable cooperation and assistance to the Company in connection with any private litigation or arbitration and to the Board of Directors of the Company or any committee of the Board in connection with any investigation by the Company related to his service with the Company. In order to effectuate a

smooth transition of Mr. Wynn's separation from the Company, and in consideration of the foregoing and other agreements described therein, the Separation Agreement provides that (i) Mr. Wynn's lease of his personal residence at Wynn Las Vegas will terminate no later than June 1, 2018 and until such date Mr. Wynn shall continue to pay rent at the fair market value previously established by the Company based on an independent third-party expert opinion (Please refer to "Certain Relationships and Related Transactions"), unless Mr. Wynn elects to terminate the lease before such date, (ii) Mr. Wynn's current healthcare coverage will terminate on December 31, 2018, and (iii) administrative support for Mr. Wynn will terminate on May 31, 2018. Additionally, in order to conduct any sales of Company shares in an orderly fashion in the event that Mr. Wynn is permitted to and elects to sell any shares that he owns, the Company entered into a registration rights agreement with Mr. Wynn.

Stephen Cootey

On February 22, 2017, Stephen Cootey resigned from his position as the Company's Chief Financial Officer, Senior Vice President and Treasurer, effective March 1, 2017. The Company entered into a Separation Agreement and Release with Mr. Cootey, which included customary waiver and release, non-solicitation, confidentiality and non-disparagement provisions and provided for the payment of unpaid salary and accrued vacation through March 1, 2017 and accrued annual bonus and accrued matching contributions made under the Company's 401(k) Plan for 2016.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Pursuant to written Company policy, the Audit Committee reviews for approval or ratification all transactions with any related person, which SEC rules define to include directors, director nominees, executive officers, beneficial owners of in excess of 5% of the outstanding shares of the Company's Common Stock, and their respective immediate family members. The policy classifies as pre-approved: (a) employment of executive officers and director compensation if the compensation is required to be reported under Item 402 of Regulation S-K; (b) transactions with another company or charitable contributions if the related person's only relationship is as an employee (other than executive officer), director or beneficial owner of less than 10% of that company's or donee's shares if the aggregate amount does not exceed the greater of \$200,000 or 5% of that company's or donee's total annual revenues; (c) transactions where the related person's interest arises solely from the ownership of the Company's stock and all shareholders benefit on a pro rata basis; (d) transactions involving competitive bids; (e) regulated transactions involving services as a common carrier or public utility at rates fixed in conformity with law or governmental authority; and (f) transactions with related parties involving a bank as depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services. The Audit Committee receives notice of the occurrence of all pre-approved transactions. All other transactions with related persons are subject to approval or ratification by the Audit Committee. In determining whether to approve or ratify a transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

The following are the material transactions or agreements that occurred or were in effect at any time after January 1, 2017, between the Company and related persons. The Audit Committee has approved or ratified all of these transactions that occurred after the date of the adoption of the policy.

Shareholders Agreement. On January 6, 2010, Mr. Wynn, Ms. Elaine P. Wynn ("Ms. Wynn"), and Aruze USA, Inc. ("Aruze"), each of whom were then greater than 5% shareholders of the Company, entered into an amended and restated shareholders agreement (the "Shareholders Agreement"), pursuant to which each of Mr. Wynn, Ms. Wynn and Aruze agreed to vote all shares of the Company held by them and subject to the terms of the Amended and Restated Stockholders Agreement in a manner so as to elect to the Company's Board of Directors each of the nominees contained on each and every slate of directors endorsed by Mr. Wynn, to include, subject to certain conditions, Ms. Wynn and, so long as such slate results in a majority of directors at all times being candidates endorsed by Mr. Wynn, nominees approved by Aruze. Pursuant to an agreement, dated March 8, 2018, settling certain litigation between the Company and Aruze, Aruze agreed not to claim that Aruze remains a party to the Shareholders Agreement. On March 14, 2018, Mr. Wynn and Ms. Wynn entered into a stipulation declaring the Shareholders Agreement invalid and unenforceable, and on April 16, 2018, the Company entered into a Settlement Agreement and Mutual Release by and between the Company, Mr. Wynn, Ms. Wynn and Ms. Sinatra, which, among other things, resolved and unconditionally released the parties from all claims and cross claims asserted among the parties in a legal proceeding involving the Shareholders Agreement.

Registration Rights Agreement. On March 20, 2018, the Company entered into a Registration Rights Agreement with Mr. Wynn, the Wynn Family Limited Partnership, a Delaware limited partnership ("WFLP" and together with Mr. Wynn, the "Selling Shareholder") and each holder from time to time a party thereto (the "Registration Rights Agreement"), pursuant to the Separation Agreement described above. Further, the Registration Rights Agreement provides for mutual indemnification and expense reimbursement. On March 21, 2018, the Company filed a prospectus supplement, dated March 20, 2018, pursuant to the terms of the Registration Rights Agreement. The Selling Shareholder reported that on March 21, 2018, it sold an aggregate of 4,104,999 shares of Common Stock at a price of \$180.00 per share in open market transactions pursuant to Rule 144 under the Securities Act of 1933, as amended. In addition, on March 22, 2018, the Selling Shareholder entered into agreements to sell approximately 8,026,708 million shares of Common Stock in privately negotiated transactions to institutional buyers. Upon completion of these sales, the Selling Shareholder had no remaining holdings of Common Stock. Pursuant to the Registration Rights Agreement, without the Company's prior written consent, the Selling Shareholder was not permitted to sell more than an aggregate of 4,043,903 shares of Common Stock in any quarter. The Company provided written consent permitting the Selling Shareholder to undertake these sales.

Artwork. From June 2006 through February 28, 2018, Wynn Las Vegas, LLC leased certain pieces of fine art from Mr. Wynn for an annual fee of \$1.00. Wynn Las Vegas, LLC was responsible for all expenses incurred in exhibiting and safeguarding those works that it exhibits under the lease, including the cost of insurance (including terrorism insurance) and taxes.

The “Wynn” Surname Rights Agreement. Under the parties’ Surname Rights Agreement, dated August 6, 2004, Mr. Wynn granted the Company an exclusive, fully paid-up, perpetual, worldwide license to use, and to own and register trademarks and service marks incorporating the “Wynn” name for casino resorts and related businesses, together with the right to sublicense the name and marks to its affiliates. Pursuant to the Separation Agreement, if the Company ceases to use the “Wynn” name and trademark, the Company will assign all of its right, title, and interest in the “Wynn” trademark to Mr. Wynn and terminate the Surname Rights Agreement. Under the parties’ Rights of Publicity License, Mr. Wynn granted the Company the exclusive, royalty-free, worldwide right to use his full name, persona and related rights of publicity for casino resorts and related businesses, together with the ability to sublicense his persona and publicity rights to the Company’s affiliates, until October 24, 2017.

Villa Lease. Pursuant to the Third Amended and Restated Agreement of Lease, Mr. Wynn leases property at Wynn Las Vegas for use as his personal residence and pays Wynn Las Vegas annual rent at the fair market value of the accommodations based on independent third-party expert opinions of value, which for 2017 was \$305,680. The Villa Lease provides that Wynn Las Vegas pays for all capital improvements to the villas, and certain services for, and maintenance of, the villas are included in the annual rent. Pursuant to the Separation Agreement, the Villa Lease will terminate no later than June 1, 2018 and until such date Mr. Wynn shall continue to pay rent at the rate of \$305,680 per year, unless Mr. Wynn elects to terminate the lease before such date.

Aircraft Arrangements. Effective as of January 1, 2015, Mr. Wynn reimbursed the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee. Additionally, the Company included as taxable compensation of Mr. Wynn, the direct costs that the Company incurred in operating the aircraft where personal passengers accompany him on business flights, up to an amount determined by using the Internal Revenue Service Standard Industry Fare Level (SIFL) tables. For 2017, \$99,476 was included in Mr. Wynn’s taxable compensation and Mr. Wynn reimbursed the Company \$766,098. Such aircraft arrangements terminated on February 6, 2018.

Reimbursable Costs. The Company periodically provides services to certain of its executive officers and directors, including the personal use of employees, construction work and other personal services. These certain officers and directors have deposits with the Company to prepay any such items. These deposits are replenished on an ongoing basis as needed. At December 31, 2017, Mr. Wynn had a net deposit balance with the Company of \$319,404. The Company is discontinuing these arrangements in connection with Mr. Wynn’s separation from the Company and expects to complete and collect for such services no later than June 30, 2018.

Plane Option Agreement. On January 3, 2013, the Company and Mr. Wynn entered into an agreement pursuant to which Mr. Wynn agreed to terminate a previously granted option to purchase an approximately two acre tract of land located on the Wynn Las Vegas golf course and, in return, the Company granted Mr. Wynn the right to purchase any or all of the aircraft owned by the Company or its direct wholly owned subsidiaries. The aircraft purchase option was exercisable upon 30 days written notice and at a price equal to the book value of such aircraft and terminated on February 6, 2018.

Other. In addition to the above, the Company (or its subsidiaries) employs Mary Ann Pascal, the sister-in-law of Ms. Wynn (who is a beneficial owner of in excess of 5% of the outstanding shares of the Company’s Common Stock), as Vice President–Player Development at Wynn Las Vegas. The Audit Committee of the Company approved the employment arrangement in advance and determined that compensation was at (or below) levels paid to non-family members. Total compensation paid to Ms. Pascal for 2017 included the following amounts calculated in the same manner as the Summary Compensation Table values presented for NEOs: base salary of \$203,846 bonus of \$60,000, and other compensation of \$3,199. Ms. Pascal’s annual base salary was increased to \$250,000, effective May 8, 2017.

PAY RATIO DISCLOSURE

The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported below, as other companies may have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

The pay ratio reported below is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll records and the methodology described below. For these purposes, we determined the median compensated employee using taxable income for 2017, which we annualized for any employee who did not work for the entire year unless designated as a temporary employee. We determined that, as of December 31, 2017, our employee population consisted of approximately 25,200 employees, with approximately 52% working in Macau as an employee of Wynn Macau, Limited or one of its subsidiaries. In identifying the median employee, we made a cost-of-living adjustment using the International Monetary Fund's implied purchasing power conversion rate of 5.49 with respect to employees located in Macau.

Using this methodology, we determined that the median employee was a full-time, salaried employee located in Las Vegas. The 2017 annual total compensation of our median compensated employee, other than our 2017 CEO, was \$44,437; the 2017 annual total compensation of our CEO during 2017, Mr. Wynn, was \$34,522,695; and the ratio of these amounts was 1-to-777.

To identify the median employee without a cost-of-living adjustment, we converted the compensation paid in Macau currency to U.S. dollars by applying a Macau patacas to U.S. dollars exchange rate using the noon buying rate of exchange of Macau patacas to U.S. dollars of 8.0518 on December 31, 2017. The 2017 annual total compensation of our median compensated employee, other than our 2017 CEO, without the cost-of-living adjustment was \$37,963; and the ratio of this amount to Mr. Wynn's 2017 annual total compensation was 1-to-909.

We believe the employee population for gaming and hospitality industries includes a large percentage of "steady extra workers". These are permanent workers who are paid hourly and obtain hours based on business volumes (e.g., coverage during peak times such as when large conventions are in town) and personal needs of the employee. As of December 31, 2017, approximately 13% of our employee population of 25,200 consisted of steady extra workers, most of whom are eligible for medical and other benefits. Based on SEC's rules, these permanent workers are included in the employee population used in calculating the median employee compensation and may impact comparability of our median employee compensation amount with that in other industries.

Our talented and dedicated employees play an integral role in our overall success and we place great emphasis on creating an environment for our employees to excel and advance. We are committed to the development, health and well-being of our workforce through various programs, benefits and amenities. Please refer to "Our People and Our Stewardship" for additional information.

ITEMS TO BE VOTED ON

PROPOSAL 1: ELECTION OF DIRECTORS

At the recommendation of the Company's Corporate Governance Committee, the Board is nominating the following individuals for election as Class I directors:

- Betsy Atkins
- John J. Hagenbuch
- Patricia Mulroy

The Board has nominated the three individuals listed above to serve as Class I directors for terms that commence upon election at the 2018 Annual Meeting. If elected at the 2018 Annual Meeting, each nominee would serve until the 2021 Annual Meeting and until his or her successor has been duly elected and qualified, or until his or her earlier death, resignation, removal or retirement. The persons designated as proxies will have discretion to cast votes for other persons in the event any nominee for director is unable to serve, or the Board may choose to reduce the size of the Board. At present, it is not anticipated that any nominee will be unable to serve. Biographical and other information for our nominees and our current directors is provided in the "Director Biographies" section.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board has selected Ernst & Young LLP, a registered public accounting firm, as our independent auditors to examine and report to our shareholders on the consolidated financial statements of our Company and its subsidiaries for the fiscal year ending December 31, 2018. Representatives of Ernst & Young LLP will be present at the Annual Meeting and will be given an opportunity to make a statement. They also will be available to respond to appropriate questions.

As a matter of good corporate governance, the Audit Committee has determined to seek shareholder ratification of its selection of Ernst & Young LLP as the Company's independent auditors, although this is not required under Nevada law the Company's Articles or Bylaws, SEC rules or applicable listing standards. If the shareholders do not ratify the selection of Ernst & Young LLP as the Company's independent auditors for 2018, the Audit Committee will evaluate what would be in the best interests of the Company and its shareholders and consider whether to select new independent auditors. Even if the shareholders ratify the selection of Ernst & Young LLP, the Audit Committee, in its discretion, may direct the appointment of a different independent public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

AUDIT AND OTHER FEES

The following table presents the aggregate fees billed (or expected to be billed) to the Company for audit and other services provided by Ernst & Young LLP, the Company's independent auditor for each of the fiscal years ended December 31, 2017, and December 31, 2016:

CATEGORY	AGGREGATE FEES	
	2017	2016
Audit fees	\$2,912,000	\$2,746,000
Audit-related fees	\$ 42,000	\$ 36,000
Tax fees	\$ 323,000	\$ 91,000
All other fees	—	—

"Audit fees" includes the aggregate fees for professional services rendered for the reviews of our consolidated financial statements for the quarterly periods ended March 31, June 30 and September 30, for the audit of our consolidated financial statements and the consolidated financial statements of certain of our subsidiaries for the years ended December 31, 2017 and 2016, and for the audit of our internal controls over financial reporting as of December 31, 2017 and 2016. "Audit fees" also include fees for services provided in connection with securities offerings, audit-related accounting consultations and statutory audits of certain subsidiaries of the Company. "Audit-related fees" include the aggregate fees for the audit of the Company's defined contribution employee benefit plan. "Tax fees" include fees for domestic tax planning and other research.

PRE-APPROVAL POLICY

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accountants by pre-approving certain types of services at usual and customary rates. These services may include audit services, audit-related services, tax services and other permissible non-audit services. The pre-approval authority details the particular service or category of service that the independent registered public accountants will perform. Management reports to the Audit Committee on the actual fees charged by the independent registered public accountants for each category of service.

During the year, circumstances may arise when it becomes necessary to engage the independent registered public accountants for additional services not contemplated in the original pre-approval authority. In those instances, management submits a request to the Audit Committee describing a specific project at a specific fee or rate and, if deemed appropriate and necessary, the Audit Committee approves the services before we engage the independent registered public accountants.

The Audit Committee pre-approved all fees related to services provided by Ernst & Young LLP in 2017.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of the four members named below. As required by our committee charter, each member of the Audit Committee has been determined to be an independent director, as defined under the Nasdaq listing rules and the rules of SEC. In addition, the Board has determined that three of the four committee members (Messrs. Hagenbuch, Shoemaker and Wayson) are Audit Committee financial experts, as defined by SEC rules.

During 2017, we held eight full committee meetings.

Our purpose and responsibilities are set forth in our committee charter, which is approved and adopted by the Board and is available on the Company's website at <http://www.wynnresorts.com> under the heading "Corporate Governance" on the Company Information page. The Audit Committee charter is reviewed and updated, as appropriate, to address changes in regulatory requirements, authoritative guidance, evolving oversight practices and investor feedback.

Our role is to oversee, on behalf of the Board, the accounting and financial reporting processes of the Company and the audits of the Company's financial statements, including review of the Company's guidelines and policies with respect to risk assessment and risk management related to financial reporting and internal controls, major financial risk exposures of the Company and the steps the Company's management has taken to monitor and control such exposures. The Company's management is responsible for the preparation, presentation and integrity of our financial statements, and for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that are reasonably designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles in the United States of America and for auditing and providing an attestation report on the effectiveness of our internal control over financial reporting.

In fulfilling our oversight duties, at each regular quarterly meeting of the Audit Committee, we met separately in executive session with Ernst & Young LLP, our independent registered public accountants, as well with each of the Company's General Counsel, Chief Audit Executive (who heads internal audit), Chief Financial Officer and Compliance Officer. During these meetings, we discussed the quality of the Company's accounting and financial reporting processes and the adequacy and effectiveness of its internal controls and procedures; reviewed significant audit findings prepared by each of the independent registered public accountants and internal audit department, together with management's responses; reviewed the overall scope and plans for the audits by the internal audit department and the independent registered public accountants; reviewed critical accounting policies and the significant estimates and judgments management used in preparing the financial statements and their appropriateness for the Company's business and current circumstances; and reviewed each Company press release concerning Company earnings prior to its release.

Ernst & Young LLP has served as the Company's independent registered public accountants since 2006. In evaluating and selecting the Company's independent registered public accounting firm, we consider, among other things, the historical and recent performance of our current firm, the firm's global reach, external data on audit quality and performance, including Public Company Accounting Oversight Board ("PCAOB") reports, industry experience, audit fee revenues, firm capabilities and audit approach, and the independence and tenure of the accounting firm. As discussed above, we have engaged Ernst & Young LLP to serve as our independent registered public accountants for the year ending December 31, 2018.

ITEMS TO BE VOTED ON

In addition to the activities discussed above, prior to the Company's filing of its Annual Report on Form 10-K for the year ended December 31, 2017 with the SEC, we reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2017. We discussed with the independent registered public accounting firm the matters required to be discussed by the applicable standards of the PCAOB, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. We received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the audit committee concerning independence and have discussed with the independent auditors their firm's independence. Based on the review and discussions described in this report, we recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR 2018.

PROPOSAL 3: ADVISORY VOTE TO APPROVE THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd Frank Act”)) and the related rules of the SEC, the Company will present a resolution at the Annual Meeting to enable our stockholders to approve, on an advisory and non-binding basis, the compensation of our NEOs as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.

This proposal, commonly known as a “Say-on-Pay” proposal, allows our stockholders the opportunity to express their views on our NEOs’ compensation. In considering this proposal, we urge shareholders to read the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure. Although this vote is advisory only, and therefore non-binding, the Board and the Compensation Committee will review and evaluate the voting result when considering future executive compensation decisions.

As discussed in the Compensation Discussion and Analysis, the Company last held a Say-on-Pay vote at its 2017 Annual Meeting. Following consideration of the shareholder vote at that meeting on a proposal regarding the frequency of future votes on Say-on-Pay proposals, the Company’s Board of Directors determined to hold an advisory vote on executive compensation every three years. Accordingly, the next Say-on-Pay vote was scheduled to occur at our 2020 Annual Meeting. However, as the Company begins its transition from a compensation program oriented around a founder whose long-term focus was aligned with shareholders through extensive stock ownership, to a more traditional compensation program, the Board has determined to hold an annual Say-on-Pay vote commencing at this year’s Annual Meeting to further our engagement with shareholders.

As described in detail in the Compensation Discussion and Analysis, we take a multi-decade investment approach to our business that focuses on rewarding strong near-term performance and the creation of long-term shareholder value. Because product quality and service excellence are at the core of our strategy, we use annually focused, operations-based pay to highlight the critical importance of performing well each year for each customer. With our balance of base salary, performance-based bonuses and equity awards, our executive compensation program is designed to encourage and reward sustained performance that is aligned with long-term shareholder interests.

Therefore, in accordance with Section 14A of the Exchange Act and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the Annual Meeting:

“RESOLVED, that the shareholders of Wynn Resorts, Limited (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis and the tabular disclosure regarding each named executive officer’s compensation (together with the accompanying narrative disclosure) in the Proxy Statement for the 2018 Annual Meeting of Shareholders.”

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE ADVISORY RESOLUTION ON OUR NAMED EXECUTIVE OFFICER COMPENSATION.

PROPOSAL 4: SHAREHOLDER PROPOSAL REQUESTING A POLITICAL CONTRIBUTIONS REPORT

The Company has been advised that the New York State Common Retirement Fund, 59 Maiden Lane, 30th Floor, New York, NY 10038, the beneficial owner of 206,000 shares as of October 25, 2017, intends to submit the following proposal for consideration at the Annual Meeting:

"Resolved, that the shareholders of Wynn Resorts Ltd. ('Wynn' or 'Company') hereby request that the Company provide a report, updated semiannually, disclosing the Company's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - a. The identity of the recipient as well as the amount paid to each; and
 - b. The title(s) of the person(s) in the Company responsible for decision-making.

The report shall be presented to the board of directors or relevant board committee and posted on the Company's website within 12 months from the date of the annual meeting. This proposal does not encompass lobbying spending."

SUPPORTING STATEMENT OF THE NEW YORK STATE COMMON RETIREMENT FUND

"As long-term shareholders of Wynn, we support transparency and accountability in corporate political spending. This includes any activity considered intervention in a political campaign under the Internal Revenue Code, such as direct and indirect contributions to political candidates, parties, or organizations, and independent expenditures or electioneering communications on behalf of federal, state, or local candidates.

Disclosure is in the best interest of the company and its shareholders. The Supreme Court recognized this in its 2010 *Citizens United* decision: '[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages.'

Publicly available records show Wynn has contributed at least \$7.5 million in corporate funds since the 2010 election cycle. (CO: <http://moneyline.cq.com> and National Institute on Money in State Politics: <http://www.followthemoney.org>)

However, relying on publicly available data does not provide a complete picture of the Company's political spending. For example, the Company's payments to trade associations that may be used for election-related activities are undisclosed and unknown. This proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax exempt organizations, which may be used for political purposes. This would bring our Company in line with a growing number of leading companies, including Darden Restaurants and Marriott International, which present this information on their websites.

The Company's board and shareholders need comprehensive disclosure to fully evaluate the political use of corporate assets. We urge your support for this critical governance reform."

THE BOARD OF DIRECTORS' STATEMENT IN OPPOSITION

After careful consideration, the Board of Directors recommends that shareholders vote AGAINST this proposal for the following reasons:

The Company operates in a highly regulated industry, and the decisions of federal, state, and local governments can significantly impact the Company. Therefore, the Board believes that it is critical that the Company participate in the political process to protect its business interests and its shareholders' interests. The Company is committed to participating

in the political process as a good corporate citizen, in full compliance with applicable laws. Accordingly, the Company has adopted the Political Contributions Policy (the “Policy”), which is available on our investor relations website at <https://wynnresortslimited.gcs-web.com/political-contributions-policy>. In addition to the Company’s Code of Business Conduct and Ethics, the Policy governs the Company’s consideration of political activities, including the Company’s political contributions at the federal, state, and local levels, and the Company’s membership in trade associations.

Under the Policy, the Company’s political contributions at the federal, state, and local levels are subject to extensive internal review and oversight to confirm their compliance with applicable contribution limits and regulations. Recognizing that the Company likely will not agree with every position a candidate takes, the Company’s government affairs team meets with a candidate prior to making significant contributions to determine whether supporting the candidate is in the best interests of the Company and its shareholders. In addition, the Company reports to the Audit Committee on its political contributions on a periodic basis.

The Company also believes that it provides sufficient transparency with respect to its political contributions. The Company’s participation in political activities includes contributions to federal elections through Wynn Resorts Limited Initiative for Public Policy, a separate, segregated fund for the purposes of soliciting and accepting political contributions (“Wynn PAC”). In compliance with federal law, Wynn PAC files regular reports with the Federal Election Commission (the “FEC”) to disclose political contributions by Wynn PAC. These reports are publicly available on the FEC website. In addition, reports regarding the Company’s specific political contributions in various jurisdictions are publicly available at each jurisdiction’s official website.

From time to time, the Company pays annual membership dues to industry trade associations. The trade associations in which the Company participates may engage in political activities, but such decisions are governed by those associations’ respective bylaws. Thus, even when the Company participates in trade associations, the Company does not control how they use membership dues. The Company expects these trade associations to comply with applicable laws with respect to their political activities. As such, the Board believes that additional disclosures regarding the specific payments made to these trade associations would not benefit shareholders.

In sum, the Company already discloses sufficient information regarding its political contributions and already has an appropriate system of oversight in place, including the Policy, to confirm that the Company’s political contributions comply with applicable law and are in the best, long-term interests of the Company and its shareholders. Accordingly, the Board believes that preparing an additional report as requested by the proposal would be an unnecessary and imprudent use of the Company’s time and resources.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE **AGAINST** THE SHAREHOLDER PROPOSAL REQUESTING A POLITICAL CONTRIBUTIONS REPORT.

GENERAL INFORMATION

OUR 2018 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished to the shareholders of Wynn Resorts in connection with the solicitation by the Board of proxies for its 2018 Annual Meeting of Shareholders (the "Annual Meeting") to be held on May 16, 2018, at the Encore Theater at Wynn Las Vegas, 3131 Las Vegas Boulevard South, Las Vegas, Nevada, at 9:00 am (local time), and at any adjournments or postponements thereof. Our principal executive offices are 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109. Matters to be considered and acted upon at the Annual Meeting are set forth in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement and are more fully described herein.

The Board recommends a vote as follows:

1	Election of the three Class I director nominees named in this Proxy Statement to serve until the 2021 Annual Meeting of Shareholders	"FOR" each nominee
2	Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018	"FOR"

4	Vote on a shareholder proposal requesting a political contributions report, if properly presented	"AGAINST"

VOTING AND SOLICITATION

Only holders of record of shares of the Company's common stock, par value \$0.01 ("Common Stock"), as of the close of business on March 19, 2018, the record date fixed by the Board (the "Record Date"), are entitled to notice of, and to vote at, the Annual Meeting and at any adjournments or postponements thereof. As of the Record Date, there were 103,202,045 shares of Common Stock outstanding. Each shareholder is entitled to one vote for each share of Common Stock held as of the Record Date on all matters presented at the Annual Meeting.

At least a majority of the outstanding shares of Common Stock must be represented at the Annual Meeting, in person or by proxy, to constitute a quorum and to transact business at the Annual Meeting. Abstentions, broker non-votes and "withhold" votes are counted for purposes determining whether there is a quorum.

A plurality of the votes cast in person or by proxy at the Annual Meeting is required for the election of the director nominees. Shares as to which a shareholder withholds voting authority and broker non-votes, which are described below, will not affect the outcome of the election.

For each other item to be acted upon at the Annual Meeting (Proposals 2, 3 and 4), the item will be approved if the number of votes cast in favor of the item by the shareholders entitled to vote exceeds the number of votes cast in opposition to the item. Abstentions and broker non-votes will not be counted as votes cast on an item and, therefore, will not affect the outcome of these proposals. Shares represented by properly executed and unrevoked proxies will be voted at the Annual Meeting in accordance with the directions of shareholders indicated in their proxies. If no specification is made, shares represented by properly executed and unrevoked proxies will be voted in accordance with the specific recommendations of the Board set forth above. If any other matter properly comes before the Annual Meeting, the shares will be voted in the discretion of the persons voting pursuant to the respective proxies.

For a shareholder who holds his or her shares through an intermediary, such as a broker, bank or other nominee (referred to as "beneficial owners"), such intermediary will not be permitted to vote on Proposal 1 (the election of directors), Proposal 3 (approval of the compensation of our named executive officers (known as a "say-on-pay" vote)) or Proposal 4 (the shareholder proposal) if the shareholder does not provide the intermediary with applicable voting instructions (this situation is called a "broker non-vote"). **Accordingly, we encourage you to vote your shares on all matters being considered at the Annual Meeting.** Notwithstanding the occurrence of a broker non-vote, the intermediary may still vote the shareholder's shares on Proposal 2 (ratification of Ernst & Young LLP as our independent auditor).

The following table summarizes the voting requirements to elect directors and to approve each of the proposals in this Proxy Statement:

PROPOSAL NUMBER	PROPOSAL	VOTE REQUIRED	BROKER DISCRETIONARY VOTING ALLOWED
1	Election of the three Class I directors	Plurality of votes cast	No
2	Ratification of Ernst & Young LLP	Majority of shares represented at meeting in person or by proxy and entitled to vote	Yes
3	Advisory Vote to Approve the Compensation of Named Executive Officers	Majority of shares represented at meeting in person or by proxy and entitled to vote	No
4	Vote on a shareholder proposal requesting a political contributions report, if properly presented	Majority of shares represented at meeting in person or by proxy and entitled to vote	No

PROXY PROCEDURE AND EXPENSES OF SOLICITATION

We will retain an independent tabulator to receive and tabulate the proxies and an inspector of elections will certify the results. SHAREHOLDER PROPOSALS

Shareholders intending to present a proposal at the 2019 Annual Meeting of Shareholders for inclusion in our proxy statement for that meeting pursuant to Rule 14a-8 of the Exchange Act must submit the proposal in writing to Wynn Resorts, Limited, Attention: Corporate Secretary, 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109. Such proposals must comply with the requirements of Rule 14a-8 of the Exchange Act and must be received by the Company no later than December 19, 2018.

In addition, our Bylaws provide notice procedures for shareholders to nominate a person as a director and to propose business to be considered by shareholders at a meeting when nomination and/or the other business are not submitted for inclusion in the Company's proxy statement. Generally, notice of a nomination or proposal not submitted pursuant to Rule 14a-8 must be delivered to us not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. However, if the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice must be delivered to us not earlier than the close of business on the 120th day prior to such annual meeting date and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

Accordingly, for our 2019 Annual Meeting, notice of a nomination or proposal must be delivered to us no later than February 15, 2019 and no earlier than January 16, 2019. Nominations and proposals also must satisfy other requirements set forth in the Bylaws. If a shareholder complies with the forgoing notice provisions and with certain additional procedural requirements in the Bylaws and SEC rules, the Company will have authority to vote shares under proxies we solicit when and if the nomination or proposal is raised at the Annual Meeting. The Chairman of the Board may refuse to acknowledge the introduction of any shareholder proposal not made in compliance with the foregoing procedures.
